## PXP

Sistema componibile. Una ricca collezione di finiture e colori consente di realizzare ambientazioni originali ed esclusive. PXP è tecnologia, tecnica ed applicazione al servizio del design e dell'architettura in una visione di libera espressione estetica.

PXP è un sistema versatile, che trova spazio in progetti di abitazione private e locali commerciali. Esposizione, conservazione e servizio del vino, ma non solo. L'inserimento di moduli gastronomia e salumeria consente di realizzare una pratica, elegante e ben distinta area dedicata esclusivamente all'esposizione enogastronomica

Modular system. A wide range of finishes and colors makes it possible to create original and exclusive settings.

PXP is technology, technique, and application at the service of design and architecture, within a vision of free aesthetic expression.

PXP is a versatile system, suitable for private residences as well as commercial spaces. Wine display, storage, and service—but not only. The addition of gastronomy and delicatessen modules makes it possible to create a practical, elegant, and distinctive area dedicated exclusively to food and wine presentation.

Con l'utilizzo del modulo "D" è possibile realizzare sia una soluzione tipo banco, utilizzando il rivestimento FIT, sia la soluzione pensile, utilizzando le corinici. Per realizzare una elegante esposizione enogastronomica, in aggiunta ai moduli per il vino, si possono inserire moduli neutri, salumeria e gastronomia.

With type "D" modules it is possible to create either a counter-like solution using our FIT cladding, or a suspended composition using our frames. To realize an elegant enogastronomic display in addition to bottle units it is possible to add also neutral units, delicatessen and gastronomy ones.
