MODERN M

Modern M si presenta sobria ed elegante, volutamente minimalista ed essenziale. L'ampia superficie vetrata mette in risalto l'originale esposizione orizzontale delle bottiglie, creando una suggestiva scenografia. L'impianto di refrigerazione centrale non altera gli equilibri estetici, si integra in modo discreto e, come per magia, assume la forma di un elegante portabottiglie. Le temperature differenziate consentono di conservare sia vini bianchi che vini rossi a una temperatura ideale, con la garanzia che ogni bottiglia sia sempre pronta per ogni occasione.

Modern M presents itself as refined and elegant, deliberately minimalist and essential. The large glass surface highlights the original horizontal display of the bottles, creating a striking visual effect. The central refrigeration system does not alter the aesthetic balance; it integrates discreetly and, almost magically, takes the form of an elegant bottle holder. The dual temperature zones allow both white and red wines to be stored at their ideal temperatures, ensuring that every bottle is always ready for any occasion.
