ShoWine

...the best for your Wine

VETRA

VETRA

Soluzioni refrigerate dal design minimale e completamente trasparente, progettate per integrarsi perfettamente negli ambienti più esclusivi.
VETRA nasce per chi non accetta compromessi tra estetica e performance. Linne pure, trasparenze assolute e tecnologia invisibiletrasformano la conservazione del vino in un elemento architettonico.
Non è una cantina. È parte dello spazio

Refrigerated solutions with a minimal, fully transparent design, created to blend seamlessly into the most exclusive environments.
VETRA is born for those who refuse to compromise between aesthetics and performance. Pure lines, absolute transparency, and invisible technology transform wine preservation into an architectural element.
It’s not a wine cellar. It’s part of the space.

PERSONALIZZAZIONE SU MISURA
Interior finishes and doors

È possile realizzare diverse finiture, tra cui la verniciatura dei profili anta, la verniciatura a polvere degli interni della vetrina e il rivestimento dei pannelli interni laterlai e posteriori con finiture di pregio come rame, bronzo, oro e specchio, ecopelle, laminati effetto legno o marmo ed in molte altre varianti.
Per chi desidera un livello di personalizzazione assoluto, offriamo la possibilità di realizzare finiture esclusive, anche al di fuori della selezione a catalogo. Un servizio dedicato che consente l'utilizzo di materiali selezionati o forniti direttamente dal cliente.

It is possible to create a wide range of finishes, including painting the door frame profiles, powder coating the interior of the display case, and cladding the internal side and rear panels with premium materials such as copper, bronze, gold, and mirror finishes, as well as eco-leather, wood-effect or marble-effect laminates, and many other options.
For those seeking complete customization, we also offer the possibility to develop exclusive finishes beyond the standard catalog selection. This dedicated service allows the use of carefully selected materials or materials supplied directly by the client.
